BUSINESS

# We understand the importance of keeping your Business connected while traveling.

Here are some tips and tricks to ensure you are *Travel Ready.*

If you plan to roam while traveling, follow the steps below to enable roaming services on your device.
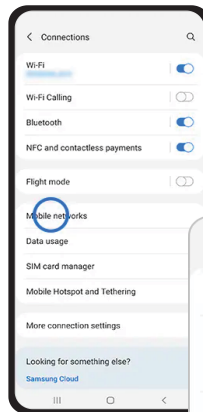

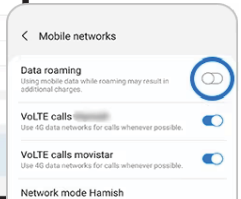

Apple iOS Devices

To turn cellular data on, go to Settings, then tap Cellular or Mobile Data.

Samsung Devices

To turn cellular data on, go to Settings, then tap connections, then Mobile networks, and tap the switch to turn Data Roaming on.

Please note: If the Data Roaming switch is greyed out, check that Mobile data is activated.

Go to Settings > Connections > Data usage > Mobile data.

DATA TO GO

With DOCOMO PACIFIC **Data To Go**, you can use your local data plan to stay connected to your business while traveling abroad. You will be charged automatically $10 for 24-hour access to your local data bucket. During that period, you can continue to enjoy your local data services while traveling in any of these locations listed below. SMS & Voice charges apply

Australia	New Zealand	Thailand
Canada	Philippines	United Kingdom
China	Republic of Korea	United States
Hong Kong	Singapore	
Japan	Taiwan	

Traveling to a non–Data To Go country?

Standard Pay-As-You-Go rates apply when traveling in countries not covered by Data To Go. Charges will incur on local roaming rates, which can vary by destination and may incur quickly with use.

Data used outside Data To Go is billed per **MB**, and even small tasks like email or maps can lead to unexpected charges. Voice and SMS usage while roaming will also incur charges.

Example: $15/mb – in 5 days x 100mb = $7,500
